Dear Mr. Fecteau,

This is a letter we received from DeMaria Building Company regarding the project at The University Preparatory Academy Elementary School.

As our major subcontractor, your contribution to its successful completion was exemplary.

Allied Ventilation is a great TEAM MEMBER and your personal dedication and commitment will not be forgotten.

Pipe Systems, Inc. looks forward to working with you in the future.

Thank You!

Jerry Wiedyk

September 9, 2005

Mr. Don Wilber
Pipe Systems, Inc.
2525 Crooks Rd.
Troy, MI 48084

Dear Mr. Wilber,

I would like to take this opportunity to thank the staff of Pipe Systems that were involved in the successful completion of the UPA Elementary School. As you well know this was no easy task. The renovation of the existing 85 year old 3 story building began with selective demolition on March 14, 2005. It was not until April 28, 2005, that some of the new construction activities began including underground plumbing, metal stud framing, and rough mechanical and electrical. On September 6, 2005, less than 4.5 months later, the school was occupied with 350 students and teachers. This accomplishment is attributed to the hard work and dedication of the contractors and tradesman. The teamwork demonstrated on this project was nothing short of exceptional.

I especially want to recognize your team as they led the way through the careful coordination of the various mechanical work activities. Your staff planned ahead to avoid obstacles and delays that would have certainly impacted the opening of the facility.

I sincerely appreciate your efforts, and look forward to future projects with Pipe Systems Inc.

Sincerely,
DeMaria Building Company, Inc.

Ryan Molitor
Sr. Project Manager
